**Wei Wei and Shan Shan Side Story 1**

**Xue Shan Shan is a newb when it comes to online gaming.....**

**How much of a newb is she? She is such a newb that.....she only dares to complete quests on her own to level up. She doesn't have the courage to team up with others, afraid that if she makes a creative move, or uses an unpredictable and magnificent skill, her whole party would die.....**

**Therefore, even though she is the wife of Feng Teng Technology's Boss and has gotten the best equipment from under the table due to her status, she only dares to stand in front of the entrance of a high level quest; lonely and impressively; refusing to join any party.**

**But her equipment is too eye catching, and her avatar is standing alone looking desolated; like a big shot high level player. Therefore, other players keep inviting her to their parties, and Shan Shan's finger is almost numb from clicking decline. She has no choice but to put a title on top of her head.**

**Eight words——A Teammate Who's as Dumb as a Pig.**

**The world is immediately quiet.**

**Until she befriends Bei Wei Wei!**

**She is like a Goddess, okay?!**

**“Wei Wei, are you really willing to lead me?!”**

**“Yeah.”**

**“I’m really dumb. I’ll cause the whole team to die!”**

**“It’s okay. You just need to stand and don’t move.”**

**“Wei Wei, you’re too nice 55555555 (*boohooohoo, crying*)**

**. How come I didn’t get to meet you sooner?!”**

**Shan Shan is actually making a comeback on online gaming. During her pregnancy, she completely quit playing. Now that her baby has stopped using the bottle and Boss still isn’t letting her go back to work, Shan Shan can’t help but feel bored. When the baby doesn’t need her attention, she would go play a bit online.**

**It goes without saying that having someone lead the way is a bliss! Xue Shan Shan has never experienced this feeling before; she just needs to walk around, enjoy the scenery, and her experience level and money will rise on its own. If she doesn’t want to walk around, she just needs to activate the follow function and then she can fall into a daze staring at the screen.**

On one day, both of them have some free time, so Wei Wei is taking her to complete some quests, but all of a sudden, the Wei Wei on screen freezes and doesn't move.

Party Channel:

ReedWeiWei: 33 (*Shan Shan*)

, sorry. I need to go take care of something first.

MasterBossTakingCareOfBaby: Okay, 7878 (*go, go*).

Wei Wei's husband must have returned. Shan Shan is very experienced with this; she bets that Wei Wei will come back in a moment and tell her that she will go offline for the day.

Shan Shan glances at the time displaying on the computer screen. Shucks, it's already so late. Wei Wei's husband has already come home from work, yet why is her own husband still in a conference meeting?

Should she go deliver some late night snack to him?

Just as Shan Shan is debating in her head, the Wei Wei on the screen suddenly moves.

**MasterBossTakingCareOfBaby: You're back? Do you still want to continue?**

**ReedWeiWei: hao. *(yeah)***

**Shan Shan immediately tosses the Boss who's stuck in a meeting to the back of her head; she follows Wei Wei joyfully to gain experience level.**

**Just when Shan Shan is following behind happily while picking up dropped items, a message appears on the party channel——"Auntie, stop picking up items from behind. I'm going to be fighting the boss soon, so if you trail too far behind, you won't gain any experience."**

**Auntie?!**

**Shan Shan is struck dumb. After a while, a scary thought springs to her mind: "Could you.....be.....Cong Cong?"**

**"Mm!"**

**".....Where's your mom?"**

**"Daddy is back. Mommy and Daddy are playing together. Cong Cong was playing with little brother. Little brother went to sleep, so Cong Cong is playing on the computer."**

Shan Shan replies with much difficulty: “.....Good Cong Cong.....you’re so smart.....your little pair of hands knows how to type so many words.....”

“Mm! (*paternal*)

Grandma said, Cong Cong and little brother and daddy are just as smart.

(*maternal*)

Grandma said, Cong Cong and little brother are smarter than mommy!”

Shan Shan: .....Wei Wei, is there really no problem with your status in the family?!

Party Channel:

ReedWeiWei: Auntie! I’m done.

Shan Shan quietly watches the boss from the quest fall to the ground. She quietly walks over, and numbly takes away the items that the boss has dropped.....

The level between one person to another is too great.....

Someone’s kid is already able to lead her in online games.....

## Wei Wei and Shan Shan Side Story 2: The Boss PK the Great Master

When Feng Teng walks into the bedroom, he sees Shan Shan staring at the computer screen with sparkling eyes.

“You’re playing games online again?” Feng Teng takes off his jacket and walks over.

“Hurry and come see. He’s too cool!!”

Shan Shan’s gaze is fixed to the computer. When he comes near, she pulls him over directly and points to the

dashing figure moving swiftly around on the screen

, “Look! Wei Wei’s husband is PKing another player. His moves are so cool!”

Feng Teng gives an once-over, and then he shifts his gaze to his wife’s face.....

And then.....

How did things turn this way?

Shan Shan is squatting beside the table with her chin resting on the top. She stares at her laptop depressingly as it is now in the Boss's possession.

The Boss has fallen to the pits.....He has actually snatched the game from her to play. And to start it off, he is picking the hardest challenge! He's actually inviting Xiao Nai to [PK](#) when it's his first time playing.

He has just learned how to walk, so what skills does he have, okay?!

Yet he dares to go up to him!

As expected.....he dies a fast death.

Shan Shan turns her head away since she can't bear to see the outcome.

Feng Teng glances at her and lets out a "hmph!" He concentrates on reading the avatar's skills. After familiarizing it again, he invites ASmileNaiHe to a second round of PK.

.....He manages to endure the fight for three minutes this time.

The third time.....

He's actually able to withstand it a bit longer.

On the fourth time.....

He still hasn't fallen yet after fighting for so long.

Shan Shan stares at the screen anxiously. After a while, she opens her eyes wide from shock and shouts excitedly, “AHHH! He’s out of blue! You’re going to win!!!”

“I’m also out.”

After Feng Teng finishes stating the facts in his calm voice, the two figures that have been flying around on the screen immediately separates; they each sit on one side to meditate in order to replenish their health.

“So you guys tied?!”

Shan Shan adds thrillingly, “You actually tied with ASmileNaiHe!!!”

ASmileNaiHe is such a magnificent character, yet Boss is able to tie with him in a fight so quickly!

Shan Shan feels that the Boss is too incredibly. She happens to be squatting beside his legs, so she reaches out and hugs them while expressing her adoration, “You’re so powerful.”

Although his wife’s gleaming eyes are finally looking at him, losing three rounds before finally tying on the last one is an embarrassment to CEO Feng, who has

always been a winner in life.

Therefore.....he types the message calmly——”It was my wife playing just now.”

Shan Shan beside him, “.....”

On the other side, Xiao Nai also replies calmly, “It was my son playing just now.”

Wei Wei beside him, “.....”

Wei Wei is enlightened. No wonder they can be business partners. They’re just as shameless!

Wei Wei asks, “Is that good for you to say?.....Isn’t CEO Feng our company’s biggest investor?.....”

Xiao Nai says with composure, “It’s fine. All the money that Feng Teng has invested on the company has already been used up.”

Wei Wei, “.....”

On the other side.

Shan Shan complains, “You lost. If you hadn’t delayed us from having kids, we could have also said that it was our baby playing.”

Feng Teng’s face is very gloomy, but he hums in agreement, “Mm.”

Shan Shan, “.....What are you thinking about?”

Feng Teng answers, “I suddenly realized that I haven’t reviewed the projects from Zhi Yi for a long time, so I’m planning to find some time to take a look at them.”

Shan Shan, “You’re just trying to find a way to avenge your personal injustice through work.....”

## Wei Wei and Shan Shan Side Story 3

Feng Teng Technology's general manager is under a lot of pressure these days.

CEO Feng, who usually cares only about their operational status, is suddenly interested in reviewing the details for an online game developed by one of their partner companies. What is going on? He is being so specific to the point where he expresses that a certain career

*(of an avatar)*

is too strong, so it needs to be weakened in order to balance it out with the others.....

The general manager quickly gathers his staff for a department meeting.

"Does anyone feel that the musician is too strong among all the careers available? Should we make it weaker?"

His staff looks at each other's faces and then says, "It's true that this career type has been very strong in the past, but after tweaking it a few times, its skills have already been weakened a lot. It has already caused uproar from the players. If we continue to make it weaker, we're afraid that the avatars of this career type will become useless."

The general manager also feels very vexed, “This is an order from CEO Feng. CEO Feng has never taken interest in the details of online games. Why has he suddenly.....”

One of the staff members interrupts, “If I remember correctly, Zhi Yi’s CEO Xiao is a musician in the game.....Could it be that CEO Feng went to PK with him?”

——Someone has actually unveiled the truth!

The staff members look at each other, and then feel that this is very possible. Firstly, the fact that CEO Feng knows about this character——it means that he must have played the game before. If he has really played it, it’s very likely that he has played it with CEO Xiao——and he definitely would lose for sure.

The general manager quickly reminds everyone, “Make sure you all forget about this the minute you walk out of this conference room!”

——We definitely can’t let others know that our Boss lost to our partnering company in a game!

The staff members nod their heads right away, and then ask, “So do we still need to make the musician’s skills weaker?”

The general manager answers, “No. Even if we make it weaker, CEO Feng still won’t be able to win. It’s a waste of effort.”

Staff members, “(◕‿◕)

.....Mr. General Manager, is it alright for you to be so straightforward?”

General Manager, “.....Make sure you also forget what I just said after leaving this conference room.”

A few days later, the general manager of Feng Teng Technology stumbles his way back to his department after a conference meeting. He tells his staff with watery eyes, “Oh Xiao Han, I might not last too long in the company.”

Xiao Han asks in shock, “Did something happen at the meeting just now?”

General Manager says, “It wasn’t during the meeting, it was afterwards. CEO Feng told me to stay behind and he asked about the request on making the musician weaker again.”

Xiao Han, “So.....how did you respond?”

General Manager, “I said, ‘making it weaker won’t be of any use. CEO Feng, why don’t I help you get some cheat codes?’”

Xiao Han, “.....”

How could you tell him what you feel in your heart? General Manager, ever since you got transferred to a technology company, you’ve been hanging out with the programming guys for too long, haven’t you? It looks like you’ve lost your skill to spin the truth!

The general manager says depressingly, “Xiao Han, how long do you think I’ll last?”

“.....” Xiao Han replies with determination, “General Manager, I’ll follow you wherever you go!”

On the other side of City B.

YuGong saunters into Xiao Nai’s office, “What’s going on? What’s going on? Why is Feng Teng Technology being so picky all of a sudden? They’ve provided so much feedback on detailed areas.”

Xiao Nai shifts his gaze away from the computer for a few seconds and then goes back, “Nothing. I’ve been playing a few PK battles with their CEO Feng in the game recently.”

YuGong, “.....So you’ve slashed our investor into several pieces?”

Xiao Nai says nonchalantly, “That I didn’t do. I usually let him tie with me, but a few days ago, after we finished a PK battle, he asked me how his skill was.”

YuGong, “.....How did you answer him? Why do I suddenly feel helpless? You didn’t say something regretful, did you?”

Xiao Nai says unconcernedly, “Relax, I’m always indirect with my words.”

YuGong feels more and more helpless, “What exactly did you say?”

“I said, ‘you’re at about the same level as your wife.’”

“.....”

YuGong walks out of his office while leaning on the wall for support.

## Wei Wei and Shan Shan Side Story 4

Ever since Feng Teng has been lured into online gaming by his wife, he has clearly taken more interest in the development of the games at the company. The overall outcome is as follows: 1) He likes to provide some not-very-constructive suggestions in regards to balancing the skills of the characters, causing the general manager of Feng Teng Technology to wish anxiously for CEO Feng to become AFK

*(Away From Keyboard)*

soon; 2) Whenever a new gameplay is released, he insists on testing it out with everyone including his family members.

Dream Voyage in Rivers and Lakes 2 has recently launched a new quest called, “Battle at the

[Xuan Wu](#)

Temple.” As a result, CEO Feng brings his wife along to form a party, which of course, includes CEO Xiao, Mrs. Xiao, and other regular teammates.

On the first try, Shan Shan dies twenty minutes in. CEO Feng isn’t happy about it so he expresses his opinion as the representative of the investing company: This won’t do. The difficulty of this new quest is too easy.

On the second trial, Shan Shan dies after ten minutes of playing. CEO Feng, the

representative of the investing company: Mm, it's still a little too easy.

Therefore, on the third trial, Shan Shan dies the moment she enters the quest. The Boss is finally satisfied: This is just about right.

Shan Shan feels miserable and outraged. Is her husband even human?!?! If she and Feng Teng met in an online game like Wei Wei and Xiao Nai did, they would definitely not have fallen in love!

Her only source of warmth is Cong Cong.

In the party channel.

MoonlightBeforeBed: Auntie, do you want me to pull you up?

BeatTheBossToSleepWell

: Cong Cong, wait for auntie here to finish eating

[Tang Yuan](#) before pulling me up.

MoonlightBeforeBed: Oh, okay. Auntie, who is 'WifeIsLyingDeadEveryTime'?

BeatTheBossToSleepWell: Your Uncle Feng.....

Cong Cong: (◡‿◡)

Ohhh.....But I don't think Uncle Feng was called that yesterday.

BeatTheBossToSleepWell

: He's just changing his name because he can do it for free!!!

It's too easy for CEO Feng to pick up the phone and call Feng Teng Technology's general manager to change his name.....Therefore, all the employees of the company are aware that CEO Feng's wife is an expert in lying dead, okay?

Whenever Shan Shan goes to visit occasionally, she gets the feeling that everyone is looking at her like they're seeing a dead body.....

Just when she's complaining inside her mind, she sees MoonlightBeforeBed release a powerful skill. Shan Shan praises him immediately.

BeatTheBossToSleepWell

: Cong Cong, you're becoming more and more awesome! You're even able to play so well while chatting with Auntie.

MoonlightBeforeBed: Auntie, I made a little toy that lets me fight and chat at the same time, as well as feed my little brother too!

ASmileNaiHe:.....

ReedWeiWei: .....

BeatTheBossToSleepWell: (◕◕) Could this be the so-called plugin?

MoonlightBeforeBed: It cannot be plugged in. Uncle Beauty taught me how to  
O(∩\_∩)O

TheXingXingBeingPicked

: .....I'm definitely innocent. Just look at my pair of pure and innocent  
eyes. @\_@

*(MoZhaHim is using 'Xing Xing' as in 'orangutan' for his username here, which  
also has the same pronunciation as 'stars'.)*

MoonlightBeforeBed: Typo. I meant to say grand master~

HandPickingStars (KO): Mm, I taught him.

MoonlightBeforeBed has been removed from the party by ASmileNaiHe.

[World][MoonlightBeforeBed]: (◕◕)

[World][MoonlightBeforeBed]: I've been kicked out by Daddy.....

[World][BlowingFlowersRainingFlowers]: Daddy?

[World][Annie]: Oh my, are father and son pairings now a popular thing for online gaming? Little boy, how old are you?

MoonlightBeforeBed doesn't say anything more on the world channel after that.

Shan Shan asks in the party channel out of worry.

BeatTheBossToSleepWell: Where's Cong Cong?

ASmileNaiHe: He went to feed his little brother with a bottle.

BeatTheBossToSleepWell: .....

ReedWeiWei: ^\_^

Ten minutes later, MoonlightBeforeBed is invited back into the party by his dad. To his surprise, his Daddy, Mommy, Uncle, and Auntie have already finished the quest in lightning speed.

MoonlightBeforeBed: Why is it that every time Daddy and Mommy play the game with me in the living room, we finish the quests very quickly, but whenever Daddy and Mommy play the game in the study room with the door closed, we sometimes end up being all dead?

WifelsLyingDeadEveryTime: >cough<

HandPickingStars: .....

TheXingXingBeingPicked: orz

BeatTheBossToSleepWell: (◕◕◕)

BeatTheBossToSleepWell

: Cong Cong, you're done for. You're going to be spanked on the bottom for discovering such a big secret.

MoonlightBeforeBed: What secret?

A few seconds later.

ASmileNaiHe: Everyone, please take a break. I need to go tend to some family business.

On the other side, at the Feng's home in City S, Feng Teng decides to turn off the computer.

"Let's go to bed early."

Shan Shan, who's sitting on the bed, lifts her eyes, "You don't want to play anymore? It's a rare opportunity to play since the babies are being so good today."

“They probably won’t be coming back on,” Feng Teng says with a deep voice while stroking his chin. He concludes happily, “

Domestic violence is probably happening at CEO Xiao’s place right now.”

# A Slight Smile is Very Charming (微微一笑很倾城) : Shan Shan Side Story 5

## Wei Wei and Shan Shan Side Story 5

Cong Cong has been banned from internet.

Shan Shan feels rather lonely for not being able to see Cong Cong's cute character——now there's no one pulling her up from the ground whenever she dies; Wei Wei is a fighter, so she has no ability to pull someone up; Xiao Nai doesn't want to bother reviving a pig-headed member on the team; and as for Feng Teng.....Oh, he's the kind that will smile after she dies, and while he's at it, he'll also add——"You died again? Why don't you go warm up the bed for us then?" He's that kind of a shameless person.....

Anyhow! Without Cong Cong, what's the point of playing the game?!

Even though she can't see him online, she can still see him in person! Therefore, Shan Shan sends her enthusiastic invitation to Cong Cong and his family.

Xiao Nai's company is just in the middle of developing a new collaboration project with Feng Teng Technology, so the bosses of both sides also want to pay a visit to each other. Therefore, Xiao Nai accepts the invitation and brings his wife and kids along to City S.

Shan Shan prepares excitedly to welcome Wei Wei and family.

First off, what should they eat?

“Sichuanese,” Feng Teng decides without raising his head while sitting on the sofa reading a financial magazine.

Shan Shan stops her circling around in the room, “They like to eat spicy?”

“Mm,” Feng Teng assures her, “From my understanding of my collaborating partner, CEO Xiao especially likes spicy.”

“Oh oh oh, that’s great! Let’s go for Sichuan cuisine for the first three days with extra spicy added!” Shan Shan approves the plan boldly.

And then it’s arranging for things to do.

“I’ll take care of that,” Feng Teng squints his eyes and secretly plans for the sports that he is good at: swimming, tennis, billiards.....

Although he can’t win him in online gaming, would he still lose to him in real life PK?

CEO Feng snickers and begins to sharpen his knife (*idiom for preparing to fight*).

Last but not least, which is also the most important of all; Shan Shan stares worriedly at the two babies who are crawling by Feng Teng's legs. She picks up the one with a bow.

“What should our Cong Xing wear when meeting Cong Cong?”

The Feng family has boy-girl twins, and their names are Feng Cong Lue and Feng Cong Xing. They are currently still only up to the stage of crawling.

Shan Shan hasn't given up on Cong Cong yet. Their first blind date.....oh, she means, first meeting, it's too important, okay? Although her daughter hasn't learned how to walk yet.....it's not important.....

Even though she is still crawling, she must leave a deep impression for Cong Cong to remember her for at least ten years!

Therefore, on the day of the arrival, Shan Shan gets out of bed early to dress up her daughter.

A bunny suit? Would it be too obvious in trying to be cute?

A tiger suit? No. It'll make it seem like she'll become a tigress after growing up.

How about a turtle suit?

It seems a little out of this world.....

Feng Teng can't stand watching anymore, so he takes his pitiful and precious daughter away, casually puts a little dress on her, and carries her out the door.

In order to express the importance of their partnership, Feng Teng is personally driving his car to the airport to pick them up. But the airplane doesn't give him any respect and is delayed for a bit. Feng Teng has no choice but to take his wife and kids to the coffee shop and wait.

Shan Shan looks around the coffee shop reminiscing with a cup of milk tea in her hands.

"I remember one time, I was waiting for you here, and I ended up falling asleep. When I woke up, you were drinking coffee across from me."

Feng Teng is drinking coffee across from her right now; still as handsome and

elegant as always. Compared to a few years ago, he looks even more imposing than before when he doesn't talk.....that is if he didn't have a chubby baby sucking on its finger sitting on his lap right now.....

"Mm," Feng Teng puts the coffee cup down and lifts his arm up a little bit, revealing the black onyx cufflink. "These are your cufflinks. I just happened to be using them today."

Shan Shan sticks her tongue out to make a face at him.

Feng Teng glances at his watch. Just when he is about to say something, his expression suddenly changes; he stares at his precious son who is looking at him innocently while biting on his finger.

Xiao Nai and family finally arrive two hours later.

"CEO Feng," Xiao Nai greets in his usual refined manner while holding out one hand and carrying a baby with the other.

"CEO Xiao," Feng Teng shakes his hand with a stiff face while holding a baby with one arm. On the other side, Shan Shan has already dashed over to Cong Cong, "Cong Cong."

“Auntie Shan Shan,” Cong Cong calls her politely.

“Cong Cong still remembers Auntie?” Although they always play together online, they haven’t seen each other face to face for a long time.

“Yes, I remember,” he nods his little head firmly.

Shan Shan’s heart is melted by his cuteness, “Come, come, come. Come home with Auntie.”

Shan Shan shoves her daughter to Wei Wei without hesitation and holds Cong Cong’s hand.

CEO Feng is the one driving, Xiao Nai is sitting in the passenger seat, and Wei Wei and Shan Shan are sitting in the backseat.

Wei Wei asks Shan Shan quietly, “What’s wrong with your boss? He doesn’t look too happy.”

Shan Shan chuckles, “Lue Lue’s diapers weren’t put on properly, so he went to the washroom to change them, but Lue Lue peed right on him.....”

“Pfft,” Wei Wei lets out a laugh.

Driver Feng in the front immediately coughs.

Shan Shan quickly hides her smile and helps her husband to redeem his dignity. She pretends to scorn at Wei Wei, “What’s funny about that? Has your Great Master never been peed on by a baby?”

Wei Wei says regretfully, “No.”

Shan Shan is shocked, “Ah! How is he able to avoid that?!”

What’s with this worshipping tone of voice? If he weren’t the one driving, Feng Teng would have grabbed his wife and given her a good lecture. Xiao Nai, who’s sitting beside him, glances at him and then says with a smile to the backseat, “Wei Wei, know when it’s enough.”

“Okay!” Wei Wei replies obediently.

After a moment of silence, Feng Teng says casually, “CEO Xiao, you sure are in the technology business. You’re even good at changing diapers.”

“You’re too kind,” Xiao Nai says dismissively, “Although I’m younger than you, CEO Feng, I’ve already been a dad for a few years, so of course I have a bit more experience.”

Feng Teng, “.....”

Wei Wei thinks in her head: didn't you say to know when it's enough.....

Why does Wei Wei's Great Master always makes others speechless?.....

Shan Shan sympathizes and changes the topic. She discusses happily on their upcoming plans with Wei Wei, “Feng Teng said you guys like spicy food, so I especially invited a chef who specializes in Sichuanese cuisine. We can eat Sichuanese dishes for the first few days. I guarantee that it'll be super spicy!”

Wei Wei, “.....Ah?”

.....But the Great Master cannot eat spicy.

Xiao Nai lets out a cough, “CEO Feng?”

CEO Feng answers calmly, “CEO Xiao, you don't need to be so polite. We must do our part as hosts. You two may take a rest after the meal, and then perhaps we can enjoy a game of chess? If we have time, we can also go play tennis, or the pool at my place is not bad either.”

Xiao Nai immediately understands and smiles, “If CEO Feng is in the mood for them, I'll definitely come along.”

Understanding the meaning behind their eloquent speech, Wei Wei doesn't know what to say. On the other hand, Shan Shan feels a bit upset for not understanding them, "If you two are going to play tennis in the afternoon, we'll have to go to the courts. What about the kids then? We'll have to ask someone to help us take care of them."

"That's true," Wei Wei adds, "Our boys can already take care of themselves now, but these two of yours....."

"There's no need to go through so much trouble." Xiao Nai declares, "Cong Cong."

Cong Cong, who is holding his little brother's bottle and sitting right in the middle between Mommy and Auntie Shan Shan, looks up at his daddy.

His daddy tells him nonchalantly, "Take care of the little brother and little sister of your Uncle's family."

Xue Shan Shan feels as if her life principles have just shattered.

"Is this really okay?"

At the courts, Shan Shan is holding her tennis racket while looking at where the beautiful picnic blanket is lying on the grass; her two babies have been properly placed on top of it, and a bunch of baby products are on the side: their bottles, milk powder, diapers, etcetera, etcetera, etcetera.....

“Are we really going to play by ourselves and leaving all of this to Cong Cong?”

“He’s six already,” says the Great Master as a matter of fact. He then leaves with his racket.

Wei Wei caresses Cong Cong’s head, “Mommy will come back in a bit.”

Cong Cong nods his head.

Feng Teng takes a look at Cong Cong. He suddenly feels assured and heads towards the court, “Shan Shan, let’s go.”

What? They’re really doing this?!

Shan Shan watches the three of them walk away without turning their heads. Wei Wei, is it really good for you to follow your Great Master and leave just like this?

“Cong Cong, are you really going to be fine here?”

Cong Cong looks at the three babies on the picnic blanket; the two chubby identical twin babies are also staring back at him with their sparkling round eyes; his little brother seems to be unhappy about holding his own bottle. Cong Cong suddenly feels troubled— —he has to look after three of them?.....

He waves his little hand at Shan Shan miserably, “Goodbye, Auntie.”

“.....Goodbye.”

Shan Shan leaves dragging her racket with her with much difficulty.

Five days later and after many rounds of PK, Feng Teng and Xiao Nai’s battle results are as follows.

Tennis singles match: Boss wins; doubles match with their wives: Boss defeated.

Swimming.....their last words before the race:

Xiao Nai, “CEO Feng, if I win this round, maybe we can change to eat a different type of food?”

Feng Teng, “Unfortunately, it will be unlikely for CEO Xiao to be able to.”

A few minutes later, Xiao Nai comes out of the pool and wipes his body dry with a towel. He says impassively, “Cantonese cuisine.”

Basketball: the Great Master wins.

Golf: Boss wins.

[Go \(game\)](#): tie.

Disregarding his lost in the tennis doubles match with his wife, Feng Teng feels his overall performance has been pretty good and feels that he has won more times too. Therefore, on the sixth day, even though they didn’t get a chance to talk about work at all, CEO Feng sends Xiao Nai and family to the airport feeling a bit reluctant yet half satisfied at the same time.

Watching the backs of the family of four enters the checkpoint, Feng Teng suddenly comments, “Your idea is not bad.”

Shan Shan looks at him baffled, “What idea?”

“Letting them marry into the family. I think Xiao Ming Cong would be the one.” Feng Teng decides in content.

Author’s comments: Although Boss wants the Great Master’s Cong Cong to be his son-in-law, the author has already decided. If she is to write a story on the next generation based on 20 years later, it’ll probably be called, “Ming Yue Cong Xing” →\_→

*(roughly, “the moon and star”)*
